SUMMARY

Full Stack Developer with a great love of building apps to solve today's problems. Skilled in the arts of organization, negotiation, and mediation. A strong believer in clean code and user experience, fluent in multiple languages, frameworks, and technologies, and capable of ramping up quickly and efficiently.

EXPERIENCE

Microverse, *Remote*
Code Reviewer | March 2021 – Present
- 200 projects reviewed, and counting, all of them for junior developers with varied front-end and back-end projects, the technologies I review are HTML & CSS, Ruby, Rails, and JavaScript.

IK Sustainable, *Xalapa, Mexico*
eCommerce Manager | May 2020 – Present
- Learned Liquit in 2 weeks to build the style theme and the eCommerce in less than 2 months to meet the launch date of the brand.
- 2 apps were developed for this eCommerce, a size chart, and an app that connects to Instagram's brand to display on the front page and increase conversions and engagement for 2x.
- More than 2500 visits per day thanks to the SMO and SEO that I developed.

The Rolland Collection, *Bordeaux, France*
Business Manager for LATAM and Asia | January 2012 – May 2014
- Management doubled the number of people under my supervision, thanks to the excellent initial results of the first 6 months.
- More than 30% increased sales in Asia and 15% in Latin America in less than a year.

Budhi, *Mexico City, Mexico*
Founder & Director | August 2010 – November 2011
- Developed Maat software, the first administrative software in the country with a freemium model, built to emulate the decisions of professional admins.
- In 2011, Grupo Carso acquired Budhi, and its software "Maat", to add it to its catalog of free services for small businesses.

EDUCATION

Microverse| 2020 – 2021
Remote Full Stack Web Development Program, *Full Time*
- I spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- I developed skills in remote pair-programming using GitHub, industry-standard gitflow, and daily standups to communicate and collaborate with international remote developers.

EBS Paris - European Business School | 2012 –2014
Master of Business Administration, International Business Management (Incomplete)

Universidad Veracruzana |2005 – 2010
Bachelor of Business Administration, International Business Management
